

CITEL

Smart SPD / MOV / GDT / TVS Tester

SPT-203

- 7-inch TFT display with touch-screen
- Compatible with all CITEL ranges and other brand products
- Testing the MOV, GDT and TVS components
- Automatically test and judge CITEL pluggable Surge Protectors
- Auto test mode and manual test mode
- Automatically save test data
- Database management
- Portable and convenient

	Electrical Characteristics
	Power 230 V
	Leakage current measurement error +/- 5 %
	MOV measurement : 1mA voltage range 1 to 2000 V
	MOV measurement : Leakage current range 0 µA to 120 µA
	GDT measurement : DC spark voltage range 1 to 2000 V
	TVS measurement : Voltage range 0 to 500 V
	Mechanical Characteristics
	Accessory(s) provided • Protective case • Stylus
	Operating and storage temperature 20°C / 50°C
	Dimensions See diagram
	Part number
	790201
